FOR IMMEDIATE RELEASE

Acquisition of Agosti Fire & Safety Services and Haas Associates GIS Services

MCM Consulting Group, Inc. (MCM), a privately held telecommunications, government and public safety consulting firm headquartered in McMurray, Pennsylvania announces the acquisition of Agosti Fire & Safety Services, Inc. (AFSS). The acquisition includes current AFSS clients, equipment and personnel. As such, Kristy Agosti will be joining MCM Consulting Group, Inc. as the Executive Vice President and will oversee the administration of the company as well as continued management of regional task forces, HSEEP exercises, and emergency management projects. Ed Hoffman will be joining the staff as a Consultant. Ed will continue to work in HSEEP exercises, incident command and decontamination training, and emergency management and hazard mitigation planning. Ed will also continue to work with the clients with which he worked under AFSS. Valerie Zents will be coming to MCM as a Project Coordinator. Valerie will hold an administrative role within the company, while continuing to work in equipment management, MDMC, HSEEP exercises, and hazard mitigation planning. Valerie will also continue to work with the clients with which she worked under AFSS. All AFSS part-time staff will also be working with MCM.

The acquisition will enable MCM Consulting Group, Inc. to increase its level of service in HSEEP exercise, emergency management, regional task force management, Healthcare and Education agency training, and hazard mitigation planning. MCM will also be able to offer Active Shooter exercises including the utilization of the Simunitions Training Weapons system, which is considered a “real world” training system for law enforcement.

All former AFSS staff will work out of MCM’s St. Marys, PA office.

MCM Consulting Group, Inc. would also like to announce its previous acquisition of Haas Associates GIS Services (Haas). The acquisition included current Haas clients, equipment and personnel. As such, David Haas joined the staff of MCM Consulting Group, Inc. as the lead GIS consultant.

The acquisition allows MCM to provide an added dimension to projects already managed by MCM as well as to incoming projects, allowing the company to provide expanded GIS, addressing and mapping services.

The GIS staff will work out of MCM's State College, PA office.

MCM Consulting Group, Inc. currently works with counties and task forces within the Commonwealth of Pennsylvania as well as Michigan, New York, Ohio, Virginia and West Virginia.
